**UNLOADING MACHINES** — One of Cam-Tex, Inc.'s sewing machines is lowered on a lift at the plantsite north of Cameron. Operating the lift is Lincoln Mondrik, Jr., of Cameron, whose beverage distributorship provided the equipment. Looking on in the truck, from left, are Plant Manager Charles Wickersham, head

driver Jack Cockerham. At the right, Tom Maloney, Jr., chief engineer of Sunny Isle Manufacturing Co., Cam-Tex affiliate, and Burt Stockton, company production chief and vice-president look on. About 90 machines will be put into operation at temporary plant location. Some machines will be in operation today.

## Vote Favors Perrin 726-465 In Election

Wickersham Manager

### Production Begins Today

Charles Wickersham, manager of Cam-Tex, Inc., new Cameron sewing industry, said several women will begin work Thursday and training of new personnel will soon begin.

By Monday, about 40 experienced sewers had been employed, Wickersham said. He was pleased

with the Company's appeal for experienced sewers to start the operation.

He said Wednesday the Company was planning an open house when all sewing machines are installed and production is begun.

Officials of the Company will be in town Thursday to observe first stages of production here. Burt Stockton, company manager and vice president, and other officials were here last week to observe unloading of the first sewing machines.

of the new operation two weeks ago in its temporary location.

Cam-Tex, Inc., is an affiliate plant of Sunny Isle Manufacturing Co., of Dallas, which has three other plants, one in Dallas and two in other smaller Texas cities.

Officials became seriously interested in Cameron after learning of the town's willingness to conduct a labor survey, which attracted more than 1700 women, last fall. Decision to come to Cameron was announced in February.

### Dr. R. Berezin Succumbs To Heart Attack

Dr. Richard M. Berezin, 37, staff doctor at Newton Memorial Hospital for the past year, died early Friday morning at his residence, 206 West 10th St., Cameron. Death was attributed to a heart attack. He had practiced medicine in Cameron in 1962 later moving to Houston. He returned to Newton Hospital this fall.

Survivors are his wife, Mrs. Margaret Ann Berezin, three sons, David Louis, Daniel Allen and Michael Andrew Berezin, all of Cameron; his mother, Mrs. Ruth Berezin, Houston; one sister, Mrs. Marvin Waldman, Liberty.

Funeral services were held at 11 a.m. Monday in the Chapel of Crowder Funeral Home at La Marque. Burial was in Galveston Memorial Park, Hitchcock, Texas.

Officials of the company, including President Jack Miller, were introduced at the annual Chamber banquet early in March.

All company officials will be on hand for the open house when the date is announced, Wickersham said. The new plant manager is experienced in dress sales and machinery. He began supervision

### Legion Officials To Attend Post Meeting

American Legion 11th District commander and vice commander will be in Cameron Tuesday, April 9, for a meeting of the Edwin Hardy Post No. 9. The meeting is open to all Legion members and Cameron area veterans and will be held at 7:30 p.m. at the Legion Hut, Wilson-Ledbetter Park.

Marvin Petty, Milam County Service Officer, will speak on veterans benefits and veteran benefit changes.

### CHURCH WOMEN TO MEET

Church Women United will meet at 9:30 a.m. Friday, April 5, in the Methodist Fellowship Hall. Plans for the May Fellowship Day luncheon will be discussed.

## Minors Appear In County Court

Four Milam County juveniles were given probated sentences in County Court Monday. Another boy was sentenced to State Reform School at Gatesville.

Two 14-year-old Cameron boys and a 16-year-old youth were charged with entering a cabin on

Little River and selling bottles found inside. All three were released to the custody of their parents. It was the first offense in each case.

A Rockdale youth, 16, was charged with car theft and using courtesy cards without the owner's permission. A second Rockdale youth, previously given a probated sentence, was implicated in the theft. He was sentenced to reform school in Gatesville.

In a separate hearing last week a 16-year-old boy was declared a delinquent and ordered by County Court to attend the Cameron schools regularly or be detained in reform school at Gatesville.

County Judge O. B. Harden said probation in juvenile cases applies either until the youth is 18 years old or until it is removed by the court. Juveniles on probation are required to abide by all laws, and are not permitted to associate with others on probation or considered of bad character.

### Long Weekend For Cameron Students

Cameron Public Schools will close for a longer than usual Easter holiday this year.

Sup't. D. R. Dodson said school will be dismissed at the usual time Tuesday and be closed Wednesday, Thursday and Friday, April 10, 11, and 12. Classes will resume as usual on Monday, April 15.

St. Anthony Catholic School will dismiss at the regular time Thursday and be closed Friday, April 12 and Monday, April 15. Classes will resume as usual Tuesday, April 16.

### Jr. High Dist. Track Events Here Friday

Cameron will host the 17-AA Junior High track meet Friday and 7th and 8th grade students will travel to Brenham Saturday afternoon for district UIL literary events.

The district track meet is scheduled to start at 1 p.m. Friday at Yoe High Field. Participating will be teams from Giddings, Navasota, Hearne and Caldwell.

## Linguist, Art Collector To Give Friends Program

Col. James Nielsen, linguist and Oriental art collector, will present the April program for Friends of the Cameron Public Library. Nielsen is a retired Army colonel and presently lives at Morgan's Point, west of Temple.

The Library Friends meeting will be Wednesday, April 17, at 3:30 p.m. High school students will be given special permission to leave school early to attend the program.

Col. Nielsen lived in the Orient for six years. He speaks Russian and Chinese Mandarin and served for one year as chief of the language branch at United Nations Armistice Conference in Korea.

His collection of Oriental art, part of which will be on display for the program, includes sculpture, screens, water colors and scrolls. A figure of a Buddhist nun in polished wood and a large

Korean brass lock are among the unusual items in his collection. Handwork and crafts are represented in pottery, silk embroidery and cloth of hammered bark with geometric design.

Much of the collection was presented to him by friends in the Orient. Col. Nielsen describes language as "a living thing" and Chinese as "a musical language with great emphasis on tone." He said Chinese Mandarin is spoken by more of the world's population than any other language.

### 7-11 POPULAR NUMBER FOR REP. SCHILLER

Numerologists say if you concentrate on a number it will come up over again.

The theory appears true. Rep. and Mrs. Milton Schiller who operate a 7-11 Allied Store and live at 711 E. 11th Street, announced the birth March 28 of a 7 pound 11 ounce grandchild, Christopher Milton.

Chris was born at Methodist Hospital in San Antonio Thursday. He is the son of Mr. and Mrs. Dan Sullivan of San Antonio (she is the former Linda Schiller).

Older brother Mike, visiting his grandparents in Cameron this week, is said to be continuing the tradition, playing 7 hours a day and then trying to keep up the pace for 11 more.

### Hillman Moved For Recuperation, Will Return To Company

Pfc Warren Hillman, wounded in Vietnam March 25 when a live grenade lodged in the calf of his leg, has been moved from Chu Lai to the 8th Field Hospital, Vietnam. Hillman's mother, Mrs. A. C. Hillman of Buckholts, said the Red Cross had contacted the family Tuesday night with word that he was "doing well and would probably be released from the hospital in three weeks and returned to his company."

Mrs. Hillman said a letter from her son dated Thursday, March 23, said he had been moved to the 8th Field Hospital, about 250 miles from Chu Lai, where they were to close his leg, where they were to close his leg.

Hillman was the object of a delicate operation in Vietnam last week after a live grenade was accidentally discharged and lodged in his leg muscle without exploding. He was flown by helicopter to Chu Lai where the golf ball size grenade was removed by Major Kenneth Cass.

No bones were broken in his leg and the doctor said he should have a complete and speedy recovery.

First reports indicated that he would be evacuated to the United States following the operation, but the Red Cross said he would return to his company.

Hillman, 19, is the son of Mr. and Mrs. A. C. (Sam) Hillman, Buckholts, and brother of Gene Hillman, Cameron.

### PTA Program On Summer Recreation

The PTA will meet at 7:30 p.m. Thursday (today) at the Ben Milam Cafeteria. The program will be "City Summer Recreation Program" given by Lawrence Zoltz. Refreshments will be served and baby sitting will be provided.

## 'Never Before Sale' Starts Thursday

Cameron merchants are having a weekend 'Never Before Sale' Thursday through Saturday.

Ten businesses thus far have joined in the first weekend promotion, following a tradition of "dollar days" with the weekend specials.

Point-of-sale cards and window streamers will lead visitors to the 'Never Before Sale' feature items at the feature stores.

They are: Culpepper Furniture, J. C. Penney, Inc., Duke & Ayres, Ben Franklin, Schiller Pharmacy, Schigut's, Lewis-Chili Shoe Store, Chamberlain Meat Co., Horstmann's Tire Store and Cameron Lumber Co.

The variety of participating stores suggests the variety of specials offered.

Co-ordinators of the promotion are Jerome Friesenhahn and Porter Young, co-chairman of the Cameron Chamber trade development committee.

"We invite other merchants, throughout Cameron, to join in this monthly weekend promotion. We would like to make it truly community wide", says Friesenhahn.

**VIEWING PLANS** — St. Edward Hospital and hospital officials join Mother Mary Fidelis, seated at right, viewing preliminary plans for the proposed new 50-bed St. Edward Hospital. Seated, from left, are: John Vitello, administrative director of St. Joseph Hospital Foundation, Houston; Sister Mary Kos-

tka, administrator at St. Edward; and Mother Mary Fidelis, chief administrator of hospitals operated by Sisters of Charity of Incarnate Word. Standing is Hugh J. Lafferty, of Houston, hospital administrative engineer of the Order. They met in Cameron last week. A meeting for community leadership is scheduled 4:30 p.m. Thursday in Cameron.

### CITY POLLS

1207 VOTES

TUESDAY P. M.

Cameron Tuesday voted 726 to 465 for E. A. Perrin, electing the civic leader and former school superintendent the new mayor.

He will succeed incumbent Bassel Wilson, who was seeking a third consecutive term, and a fourth term, if elected. He was first elected mayor in 1958 for one term, lost in 1960, and won two consecutive terms in 1964 and 1966.

Total vote was 1207, according to the official election tally.

Incumbent councilmen Lester Turner with 1131 votes and R. W. Wells with 1098 won re-election in unopposed bids.

Write-in votes also were tallied for: Jack Tumlinson (3), E. L. Wied (2), Ernest Moore (1), and Jimmy Marek (1), all of Cameron.

The Council certified the election in a regular meeting following the closing of the City Hall polls at 7 p.m. Tuesday.

Perrin and the re-elected councilmen will be sworn in at the next regular meeting in two weeks, unless a special session is called. Perrin told The Herald Wednesday morning he had resigned his secretary's post Monday before the election from Elm Creek Watershed Board. And he planned to resign as chairman of Cameron Urban Renewal Board in a meeting next week of that seven-member panel.

He released the following statement: "It is with humility that I extend my appreciation to those voting for me in the Mayor's race. I shall try to justify the trust you have placed in me. To those who did not vote for me, I extend the invitation to you to join with me and the Council in building a better Cameron."

Mayor Wilson was not available for comment at presstime.

In regular reports considered by Mayor Wilson and the Council after the election review, officials noted the installation of a six-inch water line connection for Elm Ridge-Salem Water District south of the city limits.

The Department of Public Works report showed grading work along the Southern Pacific track in northwest Cameron and acquisition of a front-end loader.

### ST. ANTHONY TO KEEP 7TH, 8TH GRADE CLASSES

St. Anthony School will continue 7th and 8th grade instruction next year, according to Rev. John Geiser.

Rev. Geiser said the parish committee, which is responsible for St. Anthony School, voted to add a science laboratory before school opens next fall and continue offering 7th and 8th grade instruction.

The science lab, required for state accreditation under new regulations, was considered a hardship for the school on top of recent expansion indebtedness. The parish dedicated a new wing at the opening of school this year.

Rev. Geiser said the school faculty includes three nuns and four lay teachers. Enrollment this year is 190 children.

The parochial school, which opened in 1895, is presently fully accredited, Rev. Geiser said. It is the only non-tuition Catholic school in Texas.

Members of the parish committee are: Paul Sheguit, Jerome Darilek, Roy Wohleb, Anton Moraw, Charles Chandler and Bruce Crook.

### Redbuds Planted Along City Approach

Redbud trees were planted along SH36 Saturday by members of the Fleur de lis Garden Club.

Seven three-ft. trees were planted this year between Vine and Scott Streets on West 4th. Last year the Fleur de lis Club planted 14 trees beginning at Jefferson St.

Mrs. Ed Magre was chairman of the project.

**JACK OF ALL TRADES** — O. T. Baker, projects director for the \$10 million Institute of Texas Cultures, has worked on everything from Indian war-

bonnets to windmills in preparing exhibits at the Institute for HemisFair. Here he retools a 12-foot windmill into an eight-footer.

**By Vern Sanford**  
A hunter steals into the sullen woods as daylight is just becoming a promise. He finds a good spot to sit down and wait.

As light breaks through the canopy of treetops overhead, he suddenly hears a squirrel barking from a nearby tree. Slowly he eases a tiny thin-rubber ball with a perforated diaphragm over a nipple on one end, and, holding the contraption in one hand, he taps on it with the forefinger of the other.

The short puffs of air pushed through the diaphragm make a sound that resembles a frisky squirrel greeting the new day. Almost immediately one of the arboreal animals answers. The hunter talks to it again. From the crown of the nearby tree it bounces into the open. The hunter raises his rifle.

To me this is one of the most fascinating ways of all to hunt the bushytail, luring it into the open with the aid of a call. And it is one of the most productive, too.

Squirrel calls of different shapes and designs are available in most sporting goods stores. Anyone with a little practice can become proficient enough to fool one of the curious squirrels.

Best time to hunt is that magic hour from daybreak until soon after the sun is up. Best season is the fall when the bushytails are most loquacious and most susceptible to a call.

This is perfect sport for the .22 rimfire rifle, because a squirrel brought out by a call will be set up for a standing shot. Also, the mild report doesn't greatly alarm

the critters and often the patient hunter can bag several by never moving from one position.

Calling squirrels is nothing new. Hunters have been using various sounds for fooling bushytails since almost the beginning of the sport of hunting squirrels.

Although the call is intended only to dupe the critter into exposing itself by answering, still it isn't rare for one to be lured to the barking sound. Frequently a bushytail will come scampering down from a tree and race merrily toward whatever is causing the barking sound.

Sometimes, while walking through the woods and hunting, you might see a squirrel in a tree, only to lose sight of it. The squirrel is a master of the disappearing act. It can hunker down on a limb and avoid detection. Try tapping on the call. Sometimes this sound gets the best of the squirrel's curiosity and it will try to steal a peek. Often that look can be fatal.

There is no set rule on how the call should be manipulated. Sometimes a steady, incessant call will work best; on others an occasional bark, followed by a period of silence, is more effective. The hunter who works his call every time a squirrel actually barks won't go wrong.

The wily bushytail is one of the trickiest small animals to hunt. But it has one weakness, a loud mouth. Exploit this weakness and you'll put meat in the stew pot most every time.

## Yoe Golf Team Tops Two Meets

Yoe's golf team has won first place in two meets so far this season, keeping their score close to 300.

At the Round Rock Invitational Meet, the Yoemen took first place with a score of 318. Second place went to Rockdale with a 335. Lanier tied with Rockdale.

At the Navasota Invitational Meet, the Yoe golfers again came out on top, this time with an improved score of 311. Bastrop's 324 placed second and Bellville third with a 330.

Richard Anderson received first medalist honors at Navasota with a 72. He also tagged second medalist at Round Rock.

Last Friday the Cameron team traveled to Bryan's Golf Meet. Competing with double and triple A teams in the Second Division, the Yoemen placed fourth with a 318 score. San Marcos won this division with a 297, followed by Forrest Park with 302 and A&M Consolidated with 314. The nearest competition in District 17AA was Navasota with 355.

Roy Thompson led Yoe efforts by shooting a 78. Danny Monroe followed with a 79. Richard Anderson an 80. George Foster 81, and Jim Bowman 98.

This week the Yoe golfers met District competition at the 17AA meet in Hearne on Wednesday.

Three successive Presidents occupied the White House within 30 days. They were: Presidents Martin Van Buren, William Henry Harrison and John Tyler.

## CAMERON CC HOSTS 50 AT 12TH ANNUAL TOURNAMENT

Mrs. Ed Manning, Mrs. Melvin Ford, Mrs. Robert Wells, Mrs. Ray Lester, Mrs. Coy C. Arledge, and Mrs. Bill Dase took honors in their flights in the Twelfth Annual Invitational Golf Tournament Tuesday at Cameron Country Club.

The Cameron Women's Golf Association was host to 50 golfers from Alvarado, Arlington, Austin, Bryan, College Station, Georgetown, Hearne, Hurst, New Braunfels, and Rockdale. Competition was for low gross of the field and low net.

Mrs. Fran Beard of Austin won low gross of the field by mastering the Cameron Country Club course in 84 strokes and won the driving contest.

In the Championship Flight Martha Rader of Austin fired first low net with 76 and won the pitching contest. Ester Manning of Cameron won second low net with 78. Amy Ford of Cameron had third low net with 80 and Laverne Cargill of Temple had fourth low net with 80.

In the First Flight, Billie Krise of Bryan won first low net with 76. Second low net went to Ruth Ellis of Bryan with 77. Third low net went to Opal Baker with 79. Marifrances Kelley of Hurst and Winnie Newberry of Bryan tied for

fourth low net with 80.

Second Flight honors went to first place winner, Melba Wells of Cameron with 72; second low net winner, Emalou Curtis of Arlington with 72; third low net winner, Madeline Pillot of New Braunfels with 75; and fourth low net winner, Violet Atkins of Austin with 78.

Third Flight low net winners were Berniece Lester of Cameron, first, with 75; Ruby Arledge of Cameron, second, with 76; Marian Goodson of Austin, third, with 77; and Jean Dase of Cameron, fourth, with 84.

Rhea Chrisco of Rockdale won low putts with 31.

Door prizes went to Minnie King of Georgetown, Ruth Ellis of Bryan, Laverne Cargill of Temple, Jean Haupt of Rockdale, Eddie Magness of Rockdale, and Anna Denson of Cameron.

## 201 Helped By Salvation Army

The Salvation Army committee met in Cameron Monday to discuss their local operation. John Schigut, chairman of the local committee, pointed out that all decisions in Cameron with regard to who will be helped and the amount of aid to be given were made by the Cameron committee.

"We are not a 'handout' organization," Schigut said, "we do try and help individuals and families that are in truly destitute circumstances. We try to help people to help themselves."

Other members of the local committee are: Forrest Sapp, vice-chairman, Judge O. B. Harden, treasurer and Don G. Humble, Mrs. A. F. Swanzy, Mrs. V. N. Thweatt, Vernon Dungan, Don Wiggins and Chief of Police John Shearin. Last year this committee helped 201 individuals. Of this number 161 were local residents and 40 were transients.

Wiggins has been named camp chairman to be in charge of selecting three deserving boys to attend the Salvation Army's summer camp for one week this summer. Cameron boys will attend the week of July 21 to July 28.

Dan Johnston, Service Unit Supervisor and Associate Disaster Relief Director for the Salvation Army in Texas met with the committee and also spoke to the Lions Club. Forrest Sapp was presented a plaque of appreciation from the Salvation Army for his years of volunteer service. Sapp helped organize the Salvation Army's work in Cameron and has been a leader and supporter through the years.

The Salvation Army is a participating agency in the Cameron United Fund.

All but four of the 16 major rides at ASTROWORLD either are complete or now being assembled at the 57-acre park site in preparation for the Saturday, June 1 opening.

## Children's Dental Cavities Can Be Reduced By Good Diet Rules

**COLLEGE STATION**  
Every child today could go through life without dental cavities, say Extension foods and nutrition specialists at Texas A&M University, if parents would only set forth a few rules.

Nearly 67 million Americans suffer from periodontal disease, a condition largely influenced by nutrition, the specialists say.

Decay-producing bacteria act upon specific carbohydrates, especially on ordinary table sugar or sucrose. Sugar ferments easily in the mouth and therefore rates above other foods in production of caries or dental decay.

Tooth decay can be lessened

simply by not eating sugar-containing foods, especially sticky sweets between meals. A&M's nutritionists suggest substituting potato chips, popcorn, vegetables, meat cubes, cold cuts, cheeses, and fruits for cookies, candies, and sugar in liquid forms. The fat and protein in the substitutes modify the decay-producing abilities of carbohydrates.

The specialists also point out that flourides in water or in dentifrices can reduce tooth decay, apparently by influencing tooth hardness. Brushing after each meal with a dentifrice containing flouride can help eliminate the decay-producing bacteria.

Since caries are considered an environmental or bacterial disease and are transmissible, all infected teeth should be filled as early as possible. Even after careful treatment, a child can become reinfected if he returns to eating sweets between meals and forgets to brush his teeth.

However, the caries - bacterial cause is sharply reduced as soon as all cavities are filled. New cavities are less likely to appear if the child avoids sweets and brushes regularly.

## Yoe Tracksters Place Fifth In Meet At Marlin

**By Fritz Pratt**  
It was a battle to the finish at the Marlin Meet last Saturday. Our own Cameron tracksters finished fifth with a team total of 38 points. The two teams of Gatesville and Belton ran a close race to the wire.

When all events were finished and the scores tallied, Gatesville was on top with a total of 118½ points to Belton's 115½. Third place went to Rockdale's 61½ and fourth to Mexico with 38½.

High point man honors went to Vernon Guest of Rockdale, who tallied 33 points by winning the 100 and 220 yard dashes as well as running on the third place 440 yard relay team.

Yoemen in the points bracket were led by Glenn Fogle with 19. Glenn won the 120 yd high hurdles (set a new meet record with a time of 14.8), took second in discus competition, and placed sixth in the 330 yard intermediate hurdles.

Second highest Yoe scorer was Paul Chandler as he tallied 10 points for his win in the mile run. Paul set a new meet record with his 4:41.4 timing.

Other Yoemen to place were Mike Miller, who finished fourth in shot put competition; Kenneth McLerran, fourth in the pole vault and Gary Curtis with a sixth in the vaulting divisionals.

You may notice Wayne Kirk's absence from his regular first place in discus standings. Wayne was prevented from competition by illness.

This Saturday, April 6, the Yoemen head for the District 17AA Meet in Brenham. The Yoemen will be shooting for another district title. Go get 'em, Yoe!

## FHA Services Are Helping 247 County Farmers

A total of \$5,401,040 in loan funds has been used in Milam County to support family farms since the Farmers Home Administration was expanded six years ago. Henry N. Ivey, local supervisor for the rural credit agency said today.

Approximately \$935,910 was advanced in 1967.

Currently 247 farmers in Milam County are using the supervised credit services of the FHA.

The supply of FHA credit, which supplements the credit supplied by banks and other private credit sources is one of the measures recommended by President Johnson to provide family farmers an opportunity to earn parity of income.

Farmers Home Administration loans can be used to buy land, refinance debts, acquire livestock and equipment, pay fertilizer and fuel bills and pay other expenses connected with acquiring, improving and operating farms.

The agency has been helping farmers of all ages for the past 30 years, but recently has been putting special emphasis on young farmers—those under 35 years of age. Of the more than 24,000 farm families FHA is financing in Texas, more than 5,000 of these are

35 or under. In Milam County there are 38 young farmers in FHA. The average age is 30. Milam County also has graduated ten young farmers to other credit sources.

Loans are made only to families who are unable to obtain adequate credit from other sources. The program is tailored to individual family needs and loans are accompanied by technical assistance in farm and money management.

The Milam County office is located at 109 W. 2nd St., Cameron.

## Tips From Tippet

Sitting on your seat belts is not only uncomfortable, it can be fatal. On-scene investigations of fatal accidents have shown that ejection from the vehicle was the leading cause of fatal injuries.

This data indicates that most of the victims could have survived if they had been using simple lap seat belts.

In the death of front seat passengers, the instrument panel was second only to death by ejection. Seat belts could have made survivors out of most of these victims.

## ASCS NEWS-

**By Alva E. Sanders**

It has been announced that individual county referenda on the question of transfers out of county by sale or lease of upland cotton allotments during 1969 has been proposed for the dates of May 13-17, each inclusive.

Milam County has NOT approved the transfer of cotton allotments by lease or sale out of the county in previous years.

The "no grazing" period for diverted acres under the 1968 feed grain and cotton programs will start May 1. It will continue for the following five months until October 1, 1968.

Farmers participating in the programs agree not to graze the diverted acres during the specific five-month period of the growing season and not to harvest a crop from diverted acres at any time.

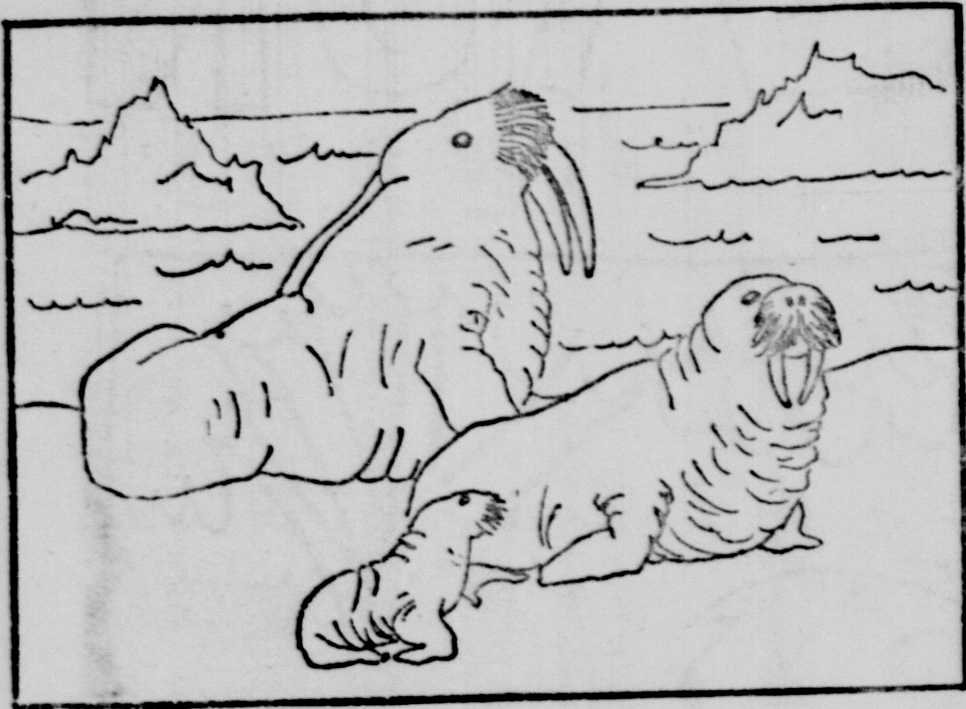

For your information realized gross farm income at \$48.9 billion last year was the second highest on record, and some \$11 billion higher than in 1960. Realized net farm income, estimated at about \$14.5 billion in 1967, was \$2.8 billion higher than in 1960 and, with the exception of 1966, higher than any year since 1951. Realized gross farm income for 1967 dropped below 1966 chiefly because record large supplies both at home and abroad weakened farm commodity prices.

Farm production expenses in 1967 totaled an estimated \$34.4 billion, up about a billion dollars from a year earlier.

## DOORS OF YOE

By Jane Callaway

Yoe High certainly shared in the area honors last week.

Area VIII F.H.A. recognizes talent because they elected Carol Lucko, treasurer, and Georgena Anderson, third vice president. Carol and Georgena are planning to attend the national convention in Florida this summer.

At the Temple Junior College-Central Texas Research Society Science Fair last weekend, Will McIntosh won first place in senior physics; Barbara Jo Hickman, first place in senior earth science; Tom Ivey, second place in senior math - engineering; and Bobby Dornier, third place in senior math-engineering.

Richard, that cowboy shirt—it's at the bottom of the clothes hamper. This is from a good authority!

The National Honor Society Convention was in Waco last Saturday. Miss Rosson took Jeanie McDaniell, Linda Richardson, Carol Lucko, and Deandra Mullinax. Miss Koser took Diane Tumlinson and Patricia Stroup. Patricia and Diane, did you ever catch all your cards?

The Future Nurses Club had a program for Yoe High on LSD and Drugs last Thursday. Jane Burns presided at the meeting and we had a most interesting and informative talk by Mr. Johns. He attended a seminar at Baylor last summer on Texas Alcohol and Narcotics Education. They let me talk on Drugs and Narcotics! Mrs. Perkins presented a film on LSD. I believe it really made all of us stop and think!

Mrs. McIntosh, the next time you have to look for your grapefruit juice, Jekel might could help you.

The Juniors measured for their senior rings last Friday - it won't be long now!! "One who does not read is no better than one who can not" - Mark Twain.

Til next week.....

The first postage stamps were issued in 1847.

There are 70 different varieties of bananas.

**Recruiting Officers Find Manpower For US Army Programs**

Who finds the manpower needed to fulfill the requirements for volunteers in the United States Army? The men and women of the United States Army Recruiting Command, or in military vernacular, USAREC, have this job.

With headquarters in Hampton, Va., the command is the focal point for personnel procurement activities in the Army. Reporting directly to the Army's top manpower executive, the Deputy Chief of Staff for Personnel, the command has a big mission.

The command is responsible for recruiting and enlisting young men and women for a wide variety of Army programs. USAREC has more than 2,000 recruiters working from 1,043 recruiting stations across the country. The Recruiting Station for the Cameron area is located at Temple and is manned by SFC Bill Warren. Telephone number is 773-5677.

Recruiting stations such as this are located from New York's Times Square to small towns in the great southwest and from Florida to Alaska.

**VA Booklet Offers Complete Guide To Veterans' Benefits**

The 1968 edition of "Federal Benefits for Veterans and Dependents" is now available from the Government Printing Office in Washington, D. C., according to Jack Coker, manager of the VA Regional Office, Waco.

Published by the Veterans Administration, the new booklet reflects new legislative changes including the Veterans' Pension and Readjustment Assistance Act of 1967.

In addition to explaining these new benefits, the 1968 edition of this annual VA publication reviews all existing benefits available to America's more than 25 million living veterans -- from the Spanish-American War to the Vietnam era, and to their dependents and survivors.

Single copies may be obtained for 20 cents each from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

## Hearing Set On Bill To Balance Price Relationship Of Cottons

WASHINGTON, D.C.

A hearing will be held by the House Committee on Agriculture April 26 on legislation introduced by Rep. Tom Morris, D-N. Mex. and others to stimulate sales of extra-long staple cotton by restoring its normal price relationship with upland cotton, Chairman W. R. Poage announced today.

Under existing law, extra long staple cotton is supported by 65 percent of parity loan. This is actually about 48 cents a pound, and the minimum price at which the cotton moves into the market.

For some years this has created an artificial price relationship between extra-long staple and ordinary upland cotton.

This bill would bring the support of extra-long staple cotton in line with upland cotton by greatly reducing its support price and establishing an adjustment payment to producers so that their total return would remain approximately the same as with the higher loan rate. The difference is that the long staple cotton then more likely would move to market rather than to Commodity Credit Corporation stockpiles.

The normal price relationship between extra-long staple and upland cotton was upset after passage of the 1965 Food and Agriculture Act, which provided a one-price program for upland cotton of approx-

## DIPLOMATIC POUCH

WASHINGTON D.C. The following letters were recently answered by The Department of State.

**U.S.—Yugoslav Exchanges**

I would like to know the status of the United States relationship to Yugoslavia. Do we have a student or commerce exchange with them? I would very much appreciate an answer. Thank you.

E.S.  
Cleveland, Ohio

Dear Mr. S.:

There are over 200 Yugoslav students in the United States. During the first seven months of 1967, Yugoslavia imported approximately \$76.4 million worth of U.S. goods. Over the same period, the U.S. imported approximately \$53.6 million worth of goods from Yugoslavia.

A copy of "Background Notes, Yugoslavia" is enclosed. This provides a considerable information about Yugoslavia's peoples, history, government, economy and foreign relations. For those who want to read more about Yugoslavia, the Notes includes a bibliography of some published works on Yugoslavia.

I hope that this information will help to answer your questions.

**Clipperton Island**

I am doing some research on the Island of Clipperton, once a possession of the United States. In accordance with the Guano Act, U.S. Code, 1964 Edition, Vol. 18, Titles 45-49:

"The discoverer shall, as soon as practicable, give notice verified by affidavit, to the Department of State of such discovery, occupation and possession, describing the island, rock or key, and the latitude and longitude thereof, as near as may be, and showing that such possession was taken in the name of the United States; and furnish satisfactory evidence to the State Department that such island, rock or key, was not, at the time of the discovery thereof, or of taking possession or occupation thereof by the Claimants, in the possession or occupation of any other government."

The claim made by the discoverer should be in your back files. I would like a map and a copy of the above affidavits, if I could. Thank you.

Clipperton is located in the Pacific Ocean 10 18' North Latitude and 109 13' West Longitude.

D.J.S.  
Oakland, Calif.

Dear Mr. S.:

Clipperton has never been a possession of the United States. Three Americans, Captain Fredrick Permin, Shafter Howard, and Melvin Chapman, claimed the island for the United States under the Guano Act of 1856, but the three claims were not recognized by the Secretary of State and the island was never bonded by the Department of the Treasury. The affidavits filed with the Secretary of State, and other relevant correspondence, are available in the Diplomatic, Legal, and Fiscal Records Division of the National Archives in Washington, D. C.

Clipperton is located in the Pacific Ocean 10 18' North Latitude and 109 13' West Longitude.

## Bowing Out Bravado . . .

Lyndon Baines Johnson has bowed. The President Sunday night splintered any orthodox prediction about the 1968 Election Year. It seemed he would meet and master the challenge of Robert Kennedy for renomination.

Lyndon Johnson's decisions place an onus on Robert Kennedy's apparent animus by:

ONE—Putting the Vietnam issue on a policy sans politics basis.

TWO—Drawing Ho Chi Minh and Kennedy rationale into Johnsonian perspective by unilateral reduction of bombing and peace negotiations proposal through his San Antonio formula.

He also anticipates Senator McCarthy, whose major independent percentage of the New Hampshire Democratic Primary (41 percent) inspired Robert Kennedy's announcement.

It is likely President Johnson will support Hubert Humphrey's nomination as his successor and an East or West Coast candidate of less liberal persuasion as running mate.

This would limit, if not maim McCarthy's base of operations, since both are Minnesotans. Humphrey is limited by his role of defending Vietnam policy which, combined with equally divisive race and city problems, took the President out of 1968 presidential contention. But a vice - president's utterances need not be taken for his own. Indeed, a new era in Vietnam policy is begun.

Mr. Johnson says he would not seek or accept nomination, but he does not say he would altogether ignore the 1968 Convention. He says only he would not yield one hour's time from the Vietnam and other colossal problems before the office.

Robert Kennedy seeks an image while of matters.

presuming on the image of the murdered President. Ironically, it is Lyndon Johnson's legislative successes of 1964-65 which gave JFK coinage. RFK continues to mold style through the youthful, long hair and tours among younger voters.

John Kennedy is originator of the man "who walked like a prince and talked like a scholar." John Kennedy had a lot going for him, including the powerful organization Brother Bob helped build.

Mr. Johnson knows, Mr. Johnson also knows RFK's difficulty in convincing all voters, not just the young, of his independence of clanism and his approach to solving unprecedented problems. It is an era of youthful independence which creates his candidacy. But, more than the very young vote.

Robert Kennedy meets with the President this week, perhaps awed by the timing of the President's withdrawal and muted by Mr. Johnson's unilateral reduction of bombing.

And Mr. Johnson knows what his martyred predecessor's brother cannot: the limits of decision within Presidential prerogative. John Kennedy learned these limits and pressures where style and rhetoric have no play.

Robert Kennedy seems preoccupied with style. Though he shared historic decision in Bay of Pigs and Cuban Missile crises, it was John Kennedy who took this nation in or out.

Mr. Johnson's decisions take the bravado out of everyone's presidential stride. He emerges a statesman, when critics said he was not. And in this dramatic statesman's bow, he commends the power of maturity in these gravest

## State Looking For Great Tourist Season This Year

By Vern Sanford

AUSTIN

Greatest tourist - vacation season ever experienced in Texas is about to get under way. Austin will share in it, as will every other town in Texas.

Gov. John Connally has just opened the first of the 10 new Texas Travel Trails - Mountain Trail in Trans-Pecos - and dedicated improved Davis Mountains State Park.

Spending by out of state visitors in Texas last year totaled \$1.2 billion. Indications are 1968 will top that substantially.

HemisFair opens April 6 (granted some near miraculous feats of speed in construction and cleanup activities) and will continue thru October 6. Historic San Antonio's 250th birthday will be celebrated in connection with the grand opening.

By conservative estimate, 7 million visitors will attend the fair during its six-months run. Twenty-six foreign governments will exhibit on the 92-acre site. Texas' own \$10 million exhibit - the Institute of Texan Cultures, depicting the role of two dozen ethnic groups in building the state - is expected

to be the main educational attraction. A \$5 million U. S. Pavilion will feature a remarkable motion picture on the confluence of western civilizations.

In addition to the educational events, plenty of top-flight entertainment is booked in San Antonio's new civic center on the fairgrounds, and there are rides, souvenirs and fun events for all ages.

Mrs. Lyndon B. Johnson will head a group of dignitaries including Secretary of the Interior Stewart Udall, who will preside over opening ceremonies April 6.

A great Texas attraction - Six Flags over Texas - will launch its eighth season (midway between Dallas and Fort Worth) April 13. Facilities have been expanded into a \$2 million program. Pioneer Amphitheatre's 1968 production of "TEXAS" in scenic outdoor splendor near Canyon, opens June 29.

### COURTS SPEAK

In a landmark case, the State Supreme Court found Methodist Church's Hilltop Village non-profit retirement home, which has some residents who pay up to \$215 a month but cares for others on a charity basis, does not meet the

test for tax exemption as a purely public charity.

In a long list of other decisions, the high court:

—Upheld a \$5,000 judgment for a man hit by a train at Midland after he pushed a car containing a woman and eight children off the track.

—Agreed that a Potter County widow should be allowed to seek damages from a builder for defective residence construction.

—Held that Garland cannot require a permit of Texas Power and Light Co. to serve an area the city wants served by its own power plant.

—Decided that a suit against an interstate truck firm, which damaged equipment in an accident near San Marcos, must be tried under the Federal Interstate Commerce Act.

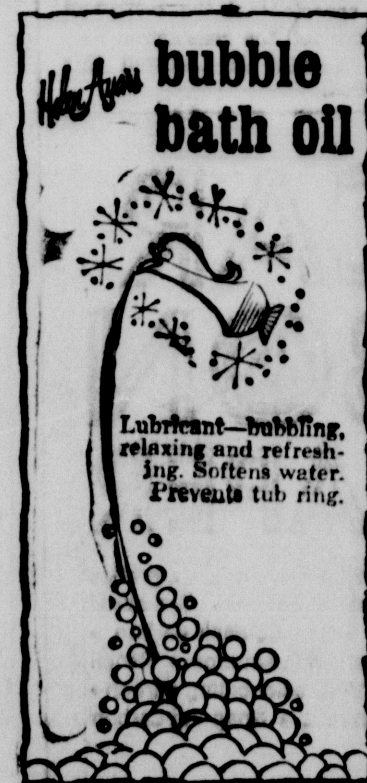

—Ordered a hearing at Eastland on the effort of a candidate for district judge to prove that he meets the residence requirement necessary to get on the ballot.

—Agreed with a judgment against the J. C. Penney Co. for malicious prosecution of a man whose driver's license was used by another to cash a stolen \$100 money order in their store in Marshall.

—Accepted a motion to dismiss a suit against a Houston woman for refusal to tell a judge the whereabouts of her son who was involved in a divorce action.

—Refused to grant an application for a writ of habeas corpus to obtain release from jail of an El Paso juror who was sentenced to three days and fined \$100 for contempt after he flatly refused to obey a judge's order to wear a coat in the courtroom.

—Austin district court has begun a long hearing on the application of Trans-Texas, Braniff and Continental airlines to join Texas Aeronautics Commission from certifying Air Southwest Company's four-engine Electra flight service linking Houston, Dallas-Fort Worth and San Antonio.

## OLD PHILOSOPHER

Dear editor:  
I don't want to appear money mad but I was looking back through some two-weeks-old newspapers because I didn't have any fresh ones on hand and I got to reading some more about the gold situation.

As I now understand it, the gold crisis developed because a lot of speculators started running the price up, from \$35 an ounce, which the United States was trying to maintain, to as high as \$45, and while I haven't been able to understand why we didn't unload at that \$10 an ounce profit, since we own most of the gold anyway, and switch to tin foil or soda water bottles to back up our currency, that is not what is now engaging my interest.

What I'd like to know is how do you get in touch with those speculators?

I would like to turn them loose on farm products.

Take eggs for example. For some time now egg producers have seen the price pegged at about 30 cents a dozen, when it costs more than that to break even. You'd think somebody thought the value of the dollar was based on eggs and it was the duty of poultrymen to hold the line to avoid a ruinous inflation and a collapse of the world monetary system. Ac-

tually what the egg men need is a world-wide speculation in eggs. Or take nearly any farm or ranch product — corn, potatoes, cattle, hogs, cotton, wheat, fruit, vegetables — there's scarcely a one that couldn't use a little speculating to run the price up.

What this country needs is a world crisis in the price of farm products. Get those European speculators to out-bidding each other in a mad rush to hoard everything I grow out here on this Johnson grass farm.

I don't know how many subscribers The Herald has in Europe but it's something you ought to be working on. Send them some sample copies and let them know us farmers have all kinds of stuff wide open for wild speculation. For years I've been looking for people with more money than sense and this is too good an opportunity to pass up.

Yours faithfully,  
J.A.

ASTROWORLD will have 300 benches in the park, 13 water fountains, each with four faucets and all with chilled water. Queue lines will be short, by use of double loading on most rides.

### HONORS ANNOUNCED

Sherman Birdwell Jr. of Austin and Garrett Morris of Fort Worth were named by Gov. Connally to new terms on the Texas Employment Commission and the Texas Public Safety Commission.

Kenneth Pearce, 37, Department of Public Safety intelligence agent in Corpus Christi is the new head of the undercover investigations section of the Texas Liquor Control Board.

Richard C. Gibson of Austin has been appointed to the legislative Internship Advisory Committee.

H. A. Beckwith, veteran state water official, was honored when the "Beckwith Arm" of the Falcon International Reservoir was named for him.

Dr. DeWitt C. Reddick, dean of the University of Texas Communications School, received award from Southern Illinois University for meritorious service to journalism.

Gov. Connally named Irby N. Taylor of Dallas and Ward Westbrook of Jasper to the Texas State Board of Accountancy.

### CONSTITUTIONAL REVISION

Judicial subcommittee of the State Constitutional Revision Commission has recommended that judges of the Texas Supreme Court and the Court of Criminal Appeals be appointed rather than elected.

Recommendations call for appointment by the governor of top court judges from a panel submitted by a special nominating commission. Judges occasionally would "run against their records" on a public ballot, with voters marking their preference for continued service or judicial retirement. Where judges are rejected, new appointment would follow.

Norman Register, director of revenue and finance for the City of Dallas, says Texas' \$250 home-furnishings exemption from ad valorem taxes should be either in-

creased or done away with. Register told the local governments committee that in 1876 when the \$250 figure was written into the constitution it was enough money to furnish a house. Now, however, that's ridiculous, he said.

Another witness before the committee said that Lubbock and Dallas are the only two cities in the state which effectively collect their ad valorem taxes on cars.

Revision commission heard a strong recommendation from former Gov. Allan Shivers for four-year terms for governors and advice from Municipal Advisory Council that cities are losing "tens of millions" of dollars in bond interest rates because of antiquated provisions in Texas law.

### PARTY NAME FREE

Atty. Gen. Crawford C. Martin has ruled that the "American Party" label may be used by "George Wallace - for - President supporters in Texas.

Opinion, requested by Secretary of State Roy R. Barrera, noted that the American Party name has not been certified on a Texas general election ballot since 1920, therefore it is not a "pre-existing" party whose name is protected from use today.

Martin also held that county clerks must accept for filing American Party required notice for its conventions and registrars must furnish the party registered voter lists for not more than \$5 a set in counties where it holds conventions.

Party is determined to show a membership of 14,259, the number necessary to get Wallace on the Texas general election ballot. Officials also served notice that their members will get a chance to vote at conventions on liquor by the drink and horse race betting, just like the Democrats and Republicans.

## Seminar At Rice U To Review New Technical Methods

"Technological Change and Business Expansion - Why? and How? or How to Deal With the Technological Revolution will be the subject at a one day seminar to be held at Rice University, April 16," Kenneth S. Pitzer, President of Rice University, announced on Saturday.

"The use of new technology in improving profits and economic growth will be discussed by specialists from industry, universities and government working directly

with the processes of technology transfer. They will describe specific methods by which aggressive manufacturing and technically oriented concerns can gain regular, working access to new technology."

Co-sponsors include Houston Chamber of Commerce, Small Business Administration, Texas Manufacturers Association, Texas State Technical Services Program, U. S. Department of Commerce, University of Houston, and SCORE

(Service Corps of Retired Executives).

The Houston Chamber of Commerce is handling all local arrangements including Conference registration, which is \$15 in advance and \$20 at the door and will cover take-home materials and a special buffet luncheon at Rice Memorial Center.

Reservations may be made by writing Houston Chamber of Commerce, P.O. Box 53600, Houston, Texas 77052.

## TO THE PEOPLE OF LEGISLATIVE DISTRICT 27

The reception being given my campaign for re-election to the position of State Representative of District 27, comprised of Falls, Milam and Robertson counties is very gratifying.

Everywhere we go in the three county area, the people are expressing their appreciation for the good work we are doing and for the fine image we are building in our State Capitol in the interest of ALL the people of the District.

When I first offered for this position in 1962, I made the pledge: TO BE A REPRESENTATIVE OF ALL THE PEOPLE, and "You can always talk to Milton". I believe that an examination of the record I made in the Texas Legislature will bear testimony to the fact that I have conscientiously carried out my pledge.

Because I am a good listener, the people of my District have had a voice in their state government the last five years. If you have an idea that would be good for State Government tell me about it, as so many others have done. If you have a problem that might be solved by State Government, tell me the problem.

Sincerely,

# Milton Schiller

## Mrs. Humble Named Memorial Gift Chairman For Heart Association

Mrs. Don Humble of 1102 East St. Cameron, has accepted the Memorial Chairmanship for the Heart Association in Milam County.

Mrs. Humble stated that "many individuals and groups have found at gifts to the Heart Association provide a gratifying way to honor the memory of relatives and friends who have died of heart disease." These thoughtful tributes give hope to the living because memorial gifts are used to support research (education and community service) aimed at reducing the toll of the cardiovascular diseases—the greatest cause of mortality in our community and the nation.

## US Pavilion Theatre Has Largest Screen

The world's largest movie screen will be used to show a unique 230 minute documentary film created and produced by Academy Award winner Francis Thompson for showing in the \$6.75 million United States Pavilion.

The screen covers one-fifth of an acre and is seen in the 1,200-seat confluence theatre, which will show the film "Confluence U.S.A." to the millions of visitors to HemisFair.

The theatre is part of a two-building complex in the stunning U. S. Pavilion. The exhibit hall will feature a vast array of displays ranging from Joe Louis' boxing gloves and Arnold Palmer's driver to a host of animated graphics and original works of art symbolizing the voyages of all the peoples who have come to this country.

## THE FAMILY LAWYER

### "Kill the Umpire"

For verbal pyrotechnics, few events can equal a hard-fought game of baseball. As a rule the sound and fury signify nothing serious. But at times, matters do get out of hand.

Suppose, for example, that the fan who yells "Kill the umpire!" really takes a swing at him. What are the legal consequences?

For one thing, the umpire may hold the fan liable for the damage he inflicts. The law draws a sharp line between violent words and violent deeds.

But there may be further complications. Take this case:

An umpire, slugged by an irate fan, decided that the real villain was the home team's peppy manager. Suing the manager for damages, the umpire argued in court:

"He kept heckling me all through the game. He knew perfectly well that he was getting the local fans all worked up against me. Therefore, he was responsible for my injury."

But the court refused to pin

legal liability on the manager. The judge said it would be unfair to blame a manager for the antics of "every emotionally unstable person who might arrive at the game spoiling for a fight."

Furthermore, merely by taking on such a job in the first place, an umpire assumes a certain amount of risk.

In one case a college student, volunteering to umpire in a practice game, took up a position close behind the netting of the batting cage. A fast foul ball thudded into the netting and struck the student in the eye.

In due course he sued the school for damages, complaining that there was too much slack in the netting. But the court ruled that this was a risk he himself had assumed by standing in such a vulnerable spot.

Still, umpires do have the consolation of wielding vast power within the game itself. According to Section 9.02 of the Official Baseball Rules, the umpire's call, on almost every question, is the final word on the subject. With no ap-

peal from his decisions, the umpire has the kind of authority that a judge on the bench might well envy.

One umpire displayed a keen sense of baseball law when he said:

"They ain't strikes, they ain't balls, they ain't nothin' 'til I call 'em!"

# Precision Planting Demonstration

By J. D. Moore

The public is invited to attend a precision cotton planting, bed shaping and chemical weed control demonstration Friday, April 5, at Charles Henson's place (Adams place) about four miles south of Rosebud.

Beverly Reeves and Henry O'Neal, agricultural engineers, and Dr. R. D. Palmer, weed control specialist from A&M, will attend and help us do a better job of planting as well as discuss chemical weed control in crops.

The group will meet at the Dairy King in Rosebud at 9 a.m., and go from there to the demonstration. To get to the Adams place, take the first street to the right past Rosebud High School. Continue on the gravel road about four miles, a left turn sign will be on the gravel road.

Research tests with the precision depth cotton planter have shown greater emergence rate, total emergence, and yield of cotton. A number of precision planters have been sold in this area by our implement dealers.

For those who may not be familiar with this type of planter we would briefly describe their operation as a very narrow foot piece that cuts into the bed similar to a sled opening a narrow V-shaped

## Summer Pastures Valuable In Dairy Cattle Production

COLLEGE STATION

For all livestock, and especially dairy cattle production during the summer months, producers should be putting out temporary pastures, says A. C. Novosad, Extension pasture specialist at Texas A&M University.

These temporary pastures such as sudan, sudan-sorghum hybrids and millet are necessary for providing quality forage when perennial grasses are relatively low in yield or quality. They can also be used for hay, hayslage and green-chop, the specialist said.

"In recent years, numerous sudan-sorghum hybrids have been developed and come into wide spread use. These generally grow faster, produce more total dry matter and recover more rapidly following harvest than the sudan varieties," he said.

"These hybrids are more resistant to leaf diseases than the sudan varieties but are susceptible to downy mildew. The hybrids tend to have a lower leaf percentage than standard sudans and therefore the forage production on a leaf-yield basis is not as great as indicated by the total forage yield," Novosad pointed out.

In general, the sudan-sorghum hybrids have tended to produce more than the sudan varieties, johnsongrass types and Pearl millet. No one hybrid has been outstandingly superior in yield over other hybrids, he said.

He added that the quality and yield of sudan-sorghum hybrids are dependent on a good fertilization program. The best animal performance is obtained from the young, immature growth and the maximum leaf yield is reached before the plants begin to boot. Increased dry-matter yield after this stage is largely in the stem and mature stems are of little feed value compared to leaves, he said.

furrow where the seed are dropped and covered with a minimum disturbance of the soil.

In order for the precision planter to operate as it should, a firm bed which has been well pulverized and shaped gives a more correct area for the seed to be planted. Bed shaping will be demonstrated by using a bed shaper, a section harrow and a roller. Also, a chemical weed control demonstration will be put on by the specialist and Henson.

This is another step in improved farming and those who plan to stay in the business should attend.

## Pick Neighborhood Before House, Is Advice Of Expert

COLLEGE STATION

The location of a home is just as important as the building itself. Extension specialist in housing and home furnishings, Bonny Lay, suggests some basic points to consider in selecting a home location.

Consider the type of neighbors present. Many prefer to live near people with about the same social, educational and occupational or economic background as themselves. Most people find that neighbors near their own age level and in approximately the same life cycle are more congenial which leads to a more pleasant neighborhood, according to the Texas A&M University specialist.

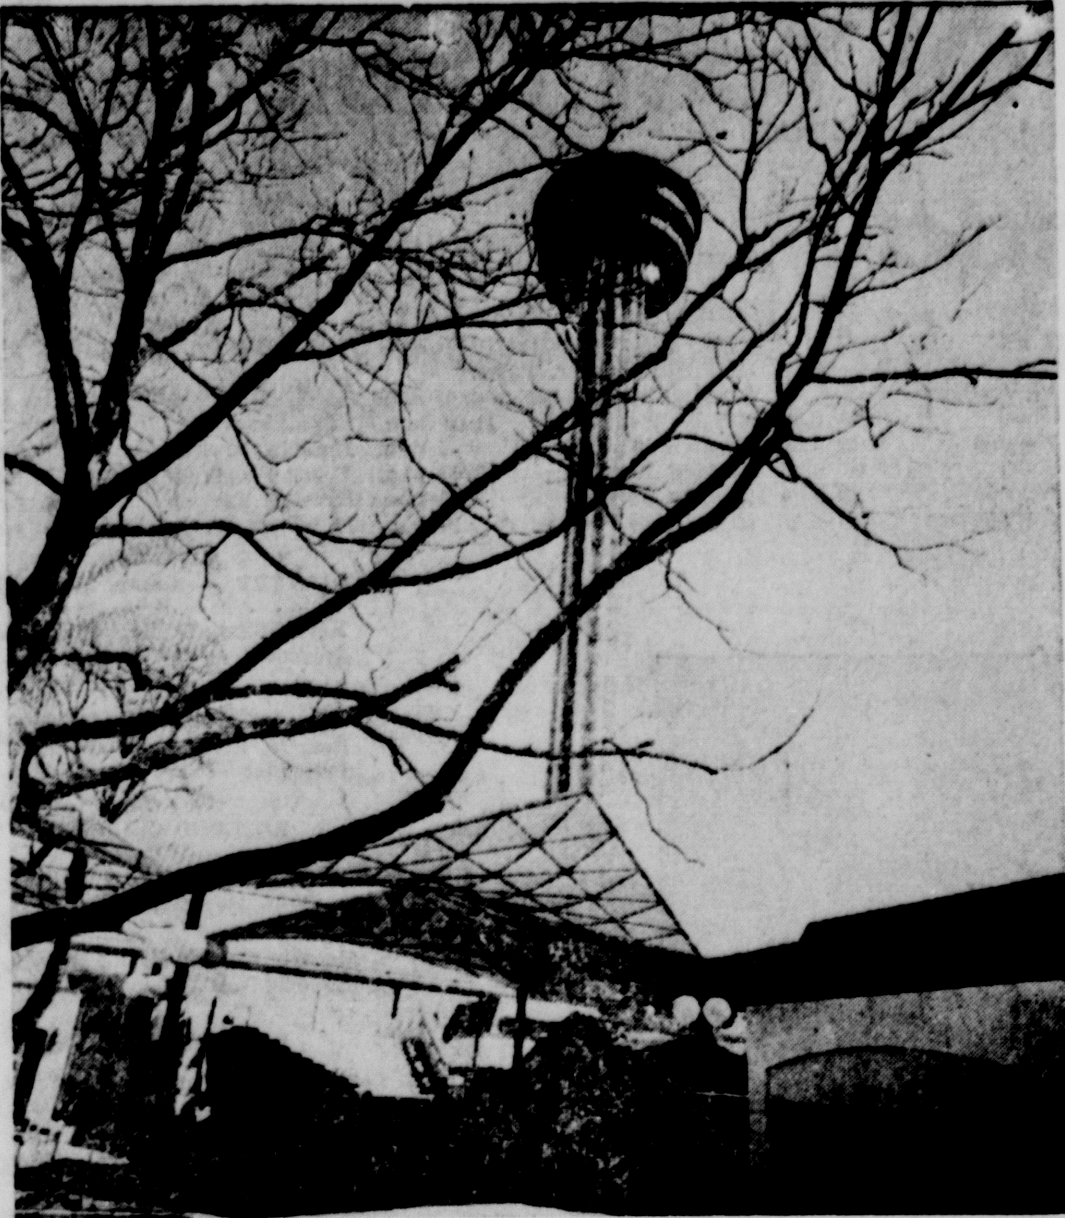

Consider the general appearance and attractiveness of the neighborhood. The development of the street system and lot patterns should be pleasing, convenient and safe. Most people prefer the other houses be about the same age and value as their own.

The adequacy of the community services should not be overlooked. Consider mail delivery, garbage pickup, fire and police protection, storm drainage system, sewage system and electric, gas and telephone services.

Don't forget to inquire about the tax levels in the location. Consider the tax level in relation to the community services and facilities provided, says Miss Lay. One area may have a lower tax level, but adequate services and facilities may not be provided. Also investigate the possibility of special assessments for streets, sidewalks, etc., the specialist reminds.

A fifth factor to consider is the location in relation to community facilities such as schools, playgrounds, churches, shopping centers and place of employment. If a family has been accustomed to these conveniences they might be unhappy without them.

Remember, when looking for a house, not to just look for a house but also for a neighborhood, reminds Miss Lay. It may be wise to choose the neighborhood first and then pick the house.

## NOTES FROM ROGERS HIGH

Cheryl Zajicek of Rogers High School won the trophy as best girl actress in the Interscholastic League one-act play contest in District 22-A held at Robinson High School Thursday afternoon and night, March 23, with Robinson School Supt. William C. Bradley, Jr. as director general.

The Rogers play, "Marriage Proposal" by Anton Chekov, did not place in the contest. Rosebud High School won first place, Lexington second, and Robinson was third.

Miss Pocahuntus Culbreth directed the Rogers play. Other cast members were Russell Chupik and Roger Weems.

**Student Council Convention**

The officers of the Rogers High School Student Council will attend the State Convention of Texas Association of Student Councils at San Antonio April 4, 5 and 6, and will attend the opening of HemisFair April 6. All delegates attending the State Convention will be guests of Gov. John Connally at that time.

Rogers Council officers are Steven Ward, president; Cyril Gloria, vice president; Marsha Guess, secretary; and Rodger Weems, treasurer. J. L. Chervenka is the

### sponsor. Student Council Workshop

The Rogers Student Council with Principal Chervenka, conducted a workshop involving the entire high school student body Friday, March 23.

Purpose of the local workshop was to create more interest and understanding of student council aims, objectives, and procedures.

The workshop opened with a general assembly in the cafeteria with a keynote address by the Rev. Morris Chapman, pastor of the First Baptist Church of Rogers. Mr. Chapman challenged the students to work hard in order to get the most from the day's activities.

The assembly was followed by a division of the student body into eight discussion groups for two one-hour sessions toward solving hypothetical school problems.

Following the discussion sessions and a lunch hour, there was a reporting period.

The winning group was selected by a panel of judges and were treated to a Coke party Tuesday by the Student Council.

This was the third consecutive workshop of this type conducted here. The Rogers Council has won district and state recognition for this innovation in Student Council work, and was asked to make a presentation of this activity at the state Student Council convention

## Rogers Principal On Institute Program

Darwin Schwertner, Elementary and Junior High principal of Rogers Schools, has been selected to participate on the Institute program at Syracuse University, Syracuse, New York, April 1 through 6. Theme of the Institute will be "Reading for the Disadvantaged." One-hundred-fifty Title I directors from throughout the United States will attend.

Schwertner has been serving as a consultant for reading programs in public and parochial schools in the South Central Texas area. He has received specialized training in the field of reading through previous institutes at Southern Methodist University and in Huntington, N.Y.

## Annual Art Show • Burlington Pilgrimage Set At 'Old Salado'

The Central Texas Area Museum, Inc. will present the annual Regional Art Exhibit April 5 - 13. This is during Pilgrimage time in "Old Salado."

The Museum will receive pictures no later than noon, April 3 or the pictures may be taken to Stewart's Art Department, 109 N. 3rd in Temple. Each exhibitor will be limited to three paintings. They can be either in water color, oil, pastel, or etching. All must be requested for sale. Exhibitors are requested to include a short biographical sketch. Contact the Museum for details, W17-2632 or the chairman, Mrs. H. C. de Grummond, W17-2860, AC 817.

The ninth annual Pilgrimage to Old Salado is scheduled for April 13 and 14. Five events are on the tickets. All profits from the Pilgrimage will go into the building fund for an addition to the Museum. The Museum was established to tell the history and development of Central Texas and is a non-profit organization.

### ALERT FOR SCREWWORKERS

With warmer weather, conditions are more favorable for an increase in screwworm fly activities. Officials of the Screwworm Eradication Program remind stockmen they should continue to be alert for the pest. They point out that most of the sterile flies now being produced at Mission are being distributed in Mexico to halt buildups in that country.

## Meet the cleanest cook in the kitchen... ELECTRICITY.

Lucky families who are cooking on electric ranges are discovering how clean kitchens can be. They don't have to repaint as often. Kitchen curtains keep their freshly-laundered look longer. Even cooking utensils need no scouring because the bottoms of pots and pans stay shiny meal after meal. And electric ranges have never been easier to care for than they are today.

All in all, electric ranges are eliminating hours of dreary house-cleaning and saving money, too.

Add that to the perfect-recipe performance of electric controlled-heat cooking and TPL's low-cost electric service, and you know why more and more families are cooking electrically every day.

 notes of encouragement, offers of  
 assistance, and calls from interest-  
 ed friends during my recent illness  
 in St. Edward Hospital.  
 Our sincere thanks to Dr. C. G.  
 Swift, the Sisters, and the entire  
 staff of nurses and personnel of  
 St. Edward Hospital for the ef-  
 ficient, kind, courteous and prompt  
 attention. To each, we are deeply  
 grateful.  
 R. L. Batte, Jr.

## CARD OF THANKS

We wish to express our heartfelt  
 thanks to our many friends and  
 neighbors for the cards, flowers,  
 and food at the time of the loss  
 of our brother. May God bless  
 each of you.  
 The family of  
 Edward J. Slovak

## LEGAL NOTICE—

## CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Riley Hunt Whittington, De-

fendant, Greeting:

YOU ARE HEREBY COMMAN-  
 DED to appear before the Honora-  
 ble District Court of Milam Coun-  
 ty at the Courthouse thereof, in  
 Cameron, Texas, by filing a writ-  
 ten answer at or before 10 o'clock  
 A.M. of the first Monday next  
 after the expiration of forty-two  
 days from the date of the issuance  
 of this citation, same being the  
 13th day of May A.D. 1968, to  
 Plaintiff's Petition filed in said  
 court, on the 19th day of March  
 A.D. 1968, in this cause, numbered  
 15922 on the docket of said court  
 and styled Mary Whittington,  
 Plaintiff, vs. Riley Hunt Whitting-  
 ton, Defendant.

A brief statement of the nature  
 of this suit is as follows, to-wit:  
 Suit for divorce on grounds of cruel  
 treatment, as is more fully shown  
 by Plaintiff's Petition on file in  
 this suit.  
 If this citation is not served with-  
 in ninety days after the date of  
 its issuance, it shall be returned  
 unserved.

The officer executing this writ  
 shall promptly serve the same ac-  
 cording to requirements of law,  
 and the mandates hereof, and  
 make due return as the law directs.  
 Issued and given under my hand  
 and the seal of said court at Cam-  
 eron, Texas, this 25th day of  
 March A.D. 1968.  
 Attest: Grady Allen Clerk,  
 District Court  
 Milam County, Texas 3-4tc
